

SEMINAR SERIES

Matthew Dreyfus, Ph.D.

**Director, Chemistry Division of Laboratory Sciences U.S.
Consumer Product Safety Commission**

Chemistry Careers at the Consumer Product Safety Commission (CPSC) and the Federal Government

What does a chemistry career look like in the Federal Government? This seminar will cover day-to-day chemistry work at the Consumer Product Safety Commission, a small regulatory agency. Additional discussion will touch on various scientific career paths throughout the Federal Government, as well as guidance on looking for and applying to federal jobs.

Thursday, October 3, 2024 ▪ 11:30 a.m.
Darrah Auditorium (McCreary 101)

*Sponsored by: The Sceptical Chymists,
Chemistry Department, and EPACC*
